

All you will ever need

Moses was an important person in the history of Israel, but he never wanted to be famous. In fact he did everything he could to get out of doing what God wanted him to do.

Our story begins with Moses looking after the family flock near Mount Sinai, having himself escaped from Egypt, but many of the people of Israel were still suffering as slaves in Egypt. Moses saw a burning bush that made him stop and think, and then he heard a voice from the bush that was God speaking to him. God told him over and over again that he wanted Moses to help him rescue the Israelites and bring them home, but Moses made lots of excuses. In the end, with the help of his brother Aaron, he did what God asked, and as we shall hear in this and future sessions, he eventually led the people to freedom.

Story: [Moses and the burning bush](#) - Saddleback Kids

Activity: Colour in the sheet showing Moses and the burning bush. In the story what was Moses worried about? Then what did God say?

Song time: [Fear Not](#) - Ellie Holcomb

Prayer time: Using the picture of the tree with all its leaves think about what you find difficult to do when you are asked. Write it down on the leaves of the tree and tell God about it. Now cut out the flames and stick them around your prayer tree, thanking God that he will help you to do what he wants you to do.

Song time: [I will trust you](#) - Lifeway Kids

Craft: Make a 'burning bush' nightlight by following the instructions on the attached sheet.

THANK you God For HELPing Me

Burning bush night light

You will need

- Clear plastic pot or a clean jam jar
- A plastic pocket
- Glue stick
- Felt tip pens (sharpies or white board markers work best)
- battery operated night light

Measure the depth of the container and cut off a strip from the plastic wallet to fit. Then cut off the white punched strip and discard.

Open out the clear plastic strip and stick to the outside of the container using the glue stick. Join with a small overlap and cut off the excess.

Draw an outline of a bush all around the outside of the container, including some of the branches and lots of leaves.

Then around the top write the words

'We are in this together'

Place the night light inside.

You can use this as a nightlight to remind you of the story of Moses and the burning bush, and most important of all - that when God asks us to do something he will always help us to do it.
