

Remembering

Can you remember something good that happened to you recently? When we are sad it helps to remember something good.

But sometimes we need to remember things that are sad so that we can try harder to do good.

On Remembrance Sunday each year, which is the nearest Sunday to the 11th day of the 11th month we are sad as we remember at 11am those who have died in two world wars and many other conflicts. We do this to say thank you for their sacrifice but also so we don't forget to work hard to make the world a more beautiful and peaceful place.

Activity: Memory Treasure Hunt. What kinds of things help us to remember? Try out the treasure hunt and see if you can find something around your home that helps you to remember what is in each box. Tell each other something special that you remember about it.

Praise time: [Don't forget to remember](#) - Ellie Holcomb

Video: [Poppies](#) - CBeebies

Prayer time:

Loving God, we are sad as we remember those who have died and been hurt in wars.

Loving God, we are sad as we remember those who have died or been hurt by the coronavirus.

Keep us safe and help us to care for one another, so that the world becomes a better place and one where everyone can live life to the full. Amen

Praise time: [Fear Not](#) - Ellie Holcomb

Craft: Poppies and rainbows - see attached sheet for ideas and make your own poppy and rainbow to remember and say thank you.

Remembering - Treasure Hunt

Lots of different things can help us to remember special places, events, or people. Things like pictures, music, souvenirs, gifts. What can you find that helps you to remember the different things that are in these boxes.

Remembering with thanks and hope

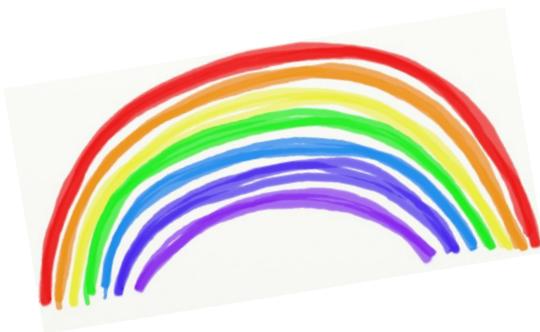

These poppies are made from cupcake liners and lollypop sticks.

these are made from clay

and this one is made from wool

Look at these different ways of making rainbows. How will you make yours?
